Annual Report 2024

Message from Our Executive Director

At Coast to Coast Legal Aid of South Florida (CCLA), we are committed to supporting thousands of individuals as they navigate challenges to their stability. **For more than two decades, CCLA has been a leader in innovation, providing award-winning, high-quality legal services to our clients.** With steadfast dedication, we protect our clients' well-being, steadying their economic uncertainty, and helping them remain in the comfort and security of their life-long homes.

Our mission to provide equal access to justice for underserved individuals is more vital than ever. For the 360,000 residents of Broward & Collier Counties living at or below the poverty line, a single unexpected event—a medical emergency, an unforeseen expense, or a job loss—can push them into crisis.

The demand for our services continues to grow. Our tenacious team of attorneys, support staff and volunteers work tirelessly and compassionately to protect the rights of those who need us most. But we cannot do this alone. Your financial support is appreciated more than ever.

Thank you for standing beside us, for believing in the importance of access to justice, and for ensuring that our community's most vulnerable always have an open doorway to justice at Coast to Coast Legal Aid of South Florida.

With Gratitude,

Lisa Goldberg

Message from Our 2024 Board Chair

We believe that the heart of justice is service. Here, at Coast to Coast Legal Aid of South Florida (CCLA) leadership comes from proximity—standing beside those in crisis. It's about listening deeply, acting humbly, and leading with courage and compassion. **Real change begins when we recognize the inherent dignity of every person and meet them where they are—with radical empathy and unwavering commitment.** That is the work of CCLA. And that is the work your support makes possible.

Because of you, we are able to serve survivors of violence, vulnerable seniors, struggling families, and others who would otherwise go unheard. You make it possible for us to approach every case with not just legal skill, but humanity—wiping away fear, offering hope, and walking alongside our clients with intention and respect. I challenge us all to continue building a community where compassion comes before competition, where leadership is measured by service, and where justice is built on humility, courage, and the commitment to lift others first.

Thank you for your trust, your partnership, and your belief in this mission. **Together, we are not just delivering legal aid—we are restoring lives and shaping a more just future.**

Sincerely,

RESTORING LIVES: Survivors of Human Trafficking

Florida ranks third in the nation for human trafficking, and Broward County reports one of the highest numbers of cases in the state. To raise awareness, travelers at Fort Lauderdale International Airport hear a recorded message urging vigilance.

At Coast to Coast Legal Aid of South Florida, we respond with action. **Our award-winning Anti-Human Trafficking Program offers free, trauma-informed, holistic legal services to survivors across the county.**

For years, my past followed me everywhere—on job applications, housing forms, even in moments when I finally felt free. The charges weren't my choice; they were forced on me when I had no way out. CCLA didn't just help me clear my record—they saw me, believed in me, and stood by me every step of the way. They connected me with services that helped me heal, and now, for the first time in a long time, I feel like I have a future. I'm not just surviving anymore—I'm rebuilding my life.

—Human Trafficking Client Jen

With a survivor-centered model, each client works with a dedicated attorney who guides them through complex legal needs—from T-Visas and expungements to restraining orders, divorces, and enforcement of victims' rights.

By reducing trauma and streamlining the legal process, we help survivors reclaim their safety and dignity as they build a new life with confidence and hope.

LEGAL ADVICE FOR PRO SE LITIGANTS: Family Court Self-Advocacy Program (FCSAP)

At the Central Broward County Courthouse, the Family Court Self-Advocacy Program (FCSAP) offers critical legal guidance to individuals who are navigating family law matters without an attorney. As part of the 17th Judicial Circuit's Self-Help Center, FCSAP provides personalized legal advice, empowering self-represented litigants with the knowledge they need to proceed effectively in court. By offering intake interviews, legal advice, and access to essential resources, we ensure that vulnerable individuals, regardless of financial means, receive the support necessary to advocate for themselves. **FCSAP plays a pivotal role in increasing family courts' efficiency, enhancing access to justice, and helping individuals navigate difficult family matters with confidence.**

STANDING WITH SURVIVORS:

The RISE Project

At Coast to Coast Legal Aid of South Florida (CCLA), we believe every victim of crime deserves to be heard, protected, and empowered. **Through our award-winning RISE (Rights in Systems Enforced) Program, we provide free civil legal services to victims and survivors, ensuring their rights are not only acknowledged—but actively asserted and enforced.**

Unlike prosecutors who represent the State of Florida and defense attorneys who represent the accused, **our CCLA attorneys represent the victim.** We help clients understand their victims' rights, stay informed throughout the criminal justice process, and assert and enforce those rights in court.

Victims often face a justice system that feels overwhelming and isolating. CCLA's attorneys stand beside them—offering guidance, support, and legal representation when they need it most.

WHAT WE DO

Senior Law Unit

For CCLA, keeping seniors stable in their homes is crucial for their well-being and overall quality of life.

The rising cost of housing has created a crisis for many older adults. In danger of losing their home means losing access to essential healthcare, community support, and the security they need to age safely. Through the **Senior Law Unit** and the **award-winning Broward Continuum of Care Project**, CCLA attorneys are providing **life-saving legal assistance** to seniors facing eviction, ensuring they can remain in their homes and avoid the devastating consequences of homelessness. **By advocating for vulnerable seniors, securing rental assistance, and defending against wrongful evictions, CCLA attorneys are not only protecting individual lives but also strengthening the community as a whole.**

I didn't know where I was going to go—I thought I'd lose everything. But CCLA fought for me when no one else would. Thanks to them, I still have my home, my memories, my dignity. — Senior Law Client Edith

WHY PRO BONO

In response to a need for legal services to the poor, the Florida Supreme Court ruled in 1992 that lawyers should aspire to do at least 20 hours of pro bono work a year or contribute \$350 to a legal aid organization like Coast to Coast Legal Aid of South Florida. Volunteering to do pro bono work enriches the community where you live and work. Increased pro se education, advice, and representation helps the court system work more efficiently and effectively. It's the right thing to do. The best part, it makes you feel good.
